

The Original **SUNHEAT** heaters and fireplaces are the best quality zone heaters on the market today, with over 25 years of technology built in.

No other portable heater puts out more heat, period.

They are the safest, most comfortable, softest heat you and your family can depend on.

The Original **SUNHEAT** and **SUNHEAT** Fireplace will effectively heat an area up to 1000 square feet when used as a supplemental heat source!

It may completely replace your current heat in the fall and spring.

The improved infrared heat tubes produce more heat, are less expensive to run and last longer than the other infrared heaters on the market.

The inside is made with lifetime galvanized steel and solid copper heat exchangers.

It is housed in a beautiful oak furniture grade cabinet.

FACT SHEET

The Original SUNHEAT does not remove humidity or oxygen from the air.

Since no clearance is needed, *The Original* SUNHEAT is safe for children and pets and can be used anywhere.

Ambient air temperature passing through the heat chamber is efficiently and safely increased by approximately 120 degrees.

No other 1500 watt portable heater comes close.

Inside the heat chambers lie a pound and a half of pure curred copper which is where the heat is stored. This is three times more than any leading competitor.

The Original SUNHEAT filters the air with a lifetime filter and helps the heater run for many, many more years!

Energy efficient: *The Original* SUNHEAT operates on less than a Mr. Coffee per day!

No plastic cabinets or fronts of cabinets that can melt...all models are housed in a fine furniture grade wood cabinet.

The Original SUNHEAT comes with a FULL bumper to bumper three (3) year factory warranty including parts and labor, not just a limited warranty.

Standard Components will be readily available in the future with a proven record, unlike some portable heaters that have uncommon specialty parts that may not be available.

All fans are whisper quiet and have a life span of 80,000 hours compared to 20,000 on other portable models.

Will not need reset during power surges and blackouts.

Supplied, distributed and backed by a 54 year old Nebraska-based company where quality comes first.
